OFYR CLASSIC

The purest expression of OFYR: Designed to fit in with any surroundings. OFYR Classic is a beautiful Corten steel art piece even when not in use. Start the fire and it turns every outdoor event into a special occasion. The OFYR Classic is available in an all matte black heat resistant paint version, or the traditional Classic with wood storage.

GRATE

The sturdy steel grate is ideal for cooking large cuts of meat. With the removable stand in place, wood can be added to the fire bowl during cooking.

CEDAR WOOD PLANKS

Use the OFYR Cedar boards to add a touch of smoke to the flavor of your food. The food absorbs the fragrant wood as the plank slowly smolders. Soak the planks in water at least an hour before use. This ensures a sweet and smoky flavor. The planks are perfect for fish, seafood and even meats! We also recommend resting your steaks on the planks just after cooking for a mild wood flavor.

WOOD STORAGE BENCH

Keep wood close by while creating a stylish seating area with the multi-purpose bench system. Made from all-weather Corten steel and a solid wood top, the two different sizes can be used individually or stacked.
